ten cent values at the Yale Bazaar, that
can't be beat.

Patron, W. E. Brown, of Lapeer, will
be present. Initiation.
This week's weather has been a mite
streaked, and as a consequence we had
all kinds of roads. The thaw made it
muddy, and the sudden freeze-up ren-
dered the roads fine—for jolting.
C. E. Otis, Deputy Insurance Inspect-
or, was in town Wednesday, looking
over the affairs of the Michigan Farm-
ers Mutual Fire Insurance Co. He re-
ports the company in good condition
financially.
About 100,000 votes cast for Queen of

Michaels received the largest num-
ber, and will be crowned on Friday
evening, February 2. A program will
be given at that time.
M. A. Sargent has a change of adv.
in the Expositor this week. Mr. Sar-
gent always keeps a neat stock of gro-
ceries and is having a good trade. You
will always find what you want in this
line when you call at this store.
Henry Welch has stoned on his lot in
the south part of the village and in-
tends building a neat dwelling house
for himself this spring. Andrew Al-
ward has the contract for the mason
work.
The Brown City Observer is the name
of the new paper started at our sister
village on the north-west with C. E.
Patterson at its head. It is a six-
column quarto, has a good advertising
patronage, is filled with news notes
and starts out with fair prospects of
success.
A number of Port Huron fishermen
came up this week to try their luck in
Mill creek's placid waters. They found
the creek solidly frozen over, and not
caring to waste so much good bait, they
cast their lines into the Farmers' con-
vention. We are unable to report the
size of the catch.
The teacher and scholars in school
district No. 2, known as the Brockway

o'clock. Readings, recitations, dia-

program of the evening. Admission,
15 cents. The public cordially invited.
According to all reports of those
who attended the "new and popular"
drama Uncle Tom's Cabin given in
Central hall, Monday evening, it was
a grand affair. The splendor of two
bands, blood hounds, donkeys, shet-
land ponies, banners, etc., on the
streets drew a large crowd, all of
whom gave up their good money to
hear a lot of old chestnuts.

vents, will hold a series of meetings
during the week, each evening at 7:30.

In a card received last week by his
brother Herb. Jule Hennessey says
that he reached Pueblo, Colo., all safe
and sound, having had a pleasant
journey and found Will Lennon at the
depot to meet him. Will is looking
and feeling much better than when he
left Yale three months ago.
Staley & McKeith guarantee every
bottle of Chamberlain's Cough Remedy
and will refund the money to any one
who is not satisfied after using two-
thirds of the contents. This is the best
remedy in the world for lagripp, cough,
cold, croup and whooping cough and
is pleasant and safe to take. It pre-
vents any tendency of a cold to result
in pneumonia.
Dr. Warner Cornell, Eye, Ear, Nose
and Throat Specialist, of 229 Huron
ave., over Knill's drug store, Port
Huron, will be at the Rapley House,

where he can be consulted on diseases
of above organs only. Glasses fitted.
His next visit will be on Friday, Feb.
9th. He will be in his Port Huron
office every day in the month except
Fridays.
Just think of all that has gone on in
Yale this week. The very thought of
it all is enough to make us sweat. The
week was ushered in by "Uncle Tom's
Cabin" show, which you know is a rare
(?) freak in Yale, and quite enough
goody for one week. But it was only
the beginning, and was followed by
two days of Farmers' Institute. Ere
the echo of the great thoughts, and
the flood of ideas let loose by the
farmers had ceased to reverberate
through our craniums, there came
Gearhart's lecture. And lo! on the
same night of the lecture, with no
waiting for brains to cool or limbs to
rest, comes the Burns' banquet and
ball. With all these extras, revival
meetings, lodges, clubs, work and
weather were not suspended. Selling
and buying, eating and sleeping, love
and laughter went on as of yore. But
for all these things no cause of nerve-
ous prostration, or brain fever are re-
ported, and the people have been
equal to the emergency.

Miss Ellen O'Leary, of Emmet, is
reported very sick.

You can buy a suit of Ballentine at

not conscientiously recommend the
use of Hive Syrup for "hives."

lage.

parel. Inquire at the home of Mrs. L.
L. Scott.
A report of the Farmers' Institute,
Miss Sarah McKenzie's paper read at
its meeting, and other interesting local
matter will be found in our supplement
columns.
Prof. Sturgis organized a singing
class at the Disciple church last Mon-
day evening. We understand that the
class starts with a goodly number and
fair prospects of complete success.
Sam Bettes will preach at the Brick
Chapel Monday night, Jan. 29. This
will be his last talk before going to the
head waters of the Wisconsin river to
build his yacht for missionary work in
South America.
Despite the wind and weather and a
host of other attractions the revival
meetings at the F. M. church have
gone steadily on. Evangelist Cooke is
spoken well of as an able speaker by
those who have heard him.
In The Expositor you get the latest
state, war, general, county and local
news, spicy correspondence, continued
and short stories, choice farm notes
and everything that goes to make up a
desirable family newspaper. Try it.
Rev. John Gray, who many years ago
resided in Yale as pastor of the M. P.
church, has been visiting among old
friends during the past few days. He
occupied his old pulpit last Sunday
evening, and was greeted by a host of
old friends, who were glad to hear him
preach once more.
Take care! all ye light and water us-
ers. If you don't you will be cared for
right-away-quick. The reason why we
say this is that President McColl has
appointed Lara Butler to look after all
violations of the rules. Lara has only
one hand to hit with, but we defy you
to come up on his blind side.
"Well, that's enough to try the
patience of Job," exclaimed the vil-
lage minister, as he threw aside the
local paper. "What, what is the
matter, dear?" asked his wife. "Last
Sunday I preached from the text 'Be
ye therefore Steadfast,'" answered the
good man; "but the printer makes it
read, 'Be ye there for Breakfast.'"—Ex.
A deal was made last week by which
Yale obtained a new groceryman, N.
B. Herbert has purchased R. M. Loth-
ian's interest in the grocery and shoe
trade. We are glad to welcome Mr.
Herbert to a place among Yale mer-
chants, and feel sure the general pub-
lic will accord him the same. But we
are sorry to know that the state of Mr.
Lothian's health compels him to retire
from business and seek relief in change
of climate. Mr. L.'s face behind the
counter has long been familiar to the
trading public, and we trust he soon
may be able to appear there again.
It has been demonstrated repeatedly
in every state in the Union, and in
many foreign countries that Chamber-
lain's Cough Remedy is a certain pre-
ventive and cure for croup. It has
been the universal remedy for that
disease. M. V. Fisher of Liberty, W.
Va., only repeats what has been said
around the globe when he writes: "I
have used Chamberlain's Cough Remedy
in my family for several years and
always with perfect success. We be-
lieve that it is not only the best cough
remedy, but that it is a sure cure for
croup. It has saved the lives of our
children a number of times." This
remedy is for sale by Staley & McKeith.
By a decree just issued from the
vatican relative to the celebration of
the jubilee of holy year marriages be-
tween Protestants and Catholics can-
not be made during 1900 except by
special dispensation direct from the
pope. Marriages between Protestants
and Catholics have been permitted by
the Catholic church only by dispensa-
tion of the bishops, but for the holy
year this power of dispensation is sus-
pended. Archbishop Carrigan, in a
circular, states that the pope suspends
special faculties to ordinaries of dioc-
eses, "so that, at this season particu-
larly, Rome should be the great foun-
tain of mercy and spiritual favors for
the Catholics of the entire world." This
is understood in catholic circles to
mean that only by applying direct to
Rome shall dispensations be granted
during the year 1900.—Ex.

The New Presbyterian Church.
It is an imperative necessity. The
comfort of the congregation and the
usefulness of the organization are
seriously crippled for lack of a church
home. Already a lot has been pur-
chased on the corner of Mechanic and
Kennedick streets—the best site for the
erection of a church in Yale. Shall
the new church be built in 1900? Shall
we use brick or lumber? Shall the cost
be \$1500 or \$5000? Who shall be the
building committee? Every person,
communicant or otherwise, who is in-
terested in the above questions is re-
quested to attend a special meeting at
the residence of R. G. McLaughlin on
Friday, Feb. 2nd at 8 p.m. Let every
Presbyterian and every Presbyterian
sympathizer be present at this meeting.
James McColl.

The Number of Our Hairs.
According to the Medical Record,
fair-haired people possess commonly
between 140,000 and 160,000 hairs on
the scalp, the number being about the
same for man and woman. Dark-
haired people have on average 105,000,
while red-haired people are said to
have only 30,000 hairs. But the latter
apparently possess one great advan-
tage in the fact that they retain their
hair better, seldom becoming bald.
Their hair is much coarser than that
of dark or fair-haired persons.
Just as soon as you have a telephone
put into your house your visiting list
swells visibly.
A S. S. Convention will be held in
the Methodist church, two and one-
half miles north of Roseburg, on Sun-
day, January 28. An interesting pro-
gram has been planned, and a profit-
able meeting may be expected.
FOR SALE—1 five-year-old driving
horse, 1 one-horse Osborn cultivator,
1 hand cutting box, 2 sets whiffletrees.
The subscriber intends moving away
and will sell the above property cheap
for cash. Inquire at residence south
of fair ground. 37tf Jacob Reichard.
We have made careful compilation of
predictions, signs and dates, read all
the almanacs within our reach, and
can carefully assure our readers that
after numerous gyrations of barome-
ters and thermometers, and bobbings
of the weather; yes, in spite of them
all, spring will come.
I want to let the people who suffer
from rheumatism and sciatic know
that Chamberlain's Pain Balm relieved
me after other medicines and a doc-
tor had failed. It is the best liniment
I ever knew of.—J. A. DOWNEY, Alpa-
retta, Ga. Thousands have been cured
of rheumatism by this remedy. One
application relieves the pain. For sale
by Staley & McKeith.
They all do it. This time it is Levi
White and Josephine Jackson, who
have done gone and got married. The
nuptial knot was tied in Port Huron
by Rev. C. W. Baldwin. Though they
did not tell the world all about it be-
fore hand, they will no doubt be just
as happy. The Expositor only speaks
with their many friends when wishing
the happy couple all prosperity and
happiness.
We greet our readers in this issue
with a twelve page paper. Our extra
advertising and abundant reading mat-
ter this week has made a four full
page supplement necessary. All this
goes to our readers without extra
charge, and we are quite sure that our
patrons will take interest in every
column of the whole seventy-two, and
that both news and advertising will be
alike profitable reading.
The Pere Marquette railroad will
continue the sale of family mileage
books as heretofore. The Pere Mar-
quette has over 2,000 miles of track,
215 locomotives, 555 passenger and
baggage cars, 7,250 freight cars. In
1899 there were carried over the roads
now in this system 3,559,000 passengers,
and 6,230,000 tons of freight were moved.
It is expected that under the new
system there will be a large increase in
the business of the road the present year.
Next April supervisors will be com-
pelled to swear each property owner to
a statement of his taxable property. In
addition to this the farmer will be sup-
plied by the tax commission with slips
showing every live mortgage on Mich-
igan property owned by residents of
his township, and will be required to
report these to the commission. These
remedies together with our criminal
laws with perjury in making false
statements to assessors, are expected
to work a revolution in the matter of
assessments. Next spring the super-
visors will also have advice from the
state commission as to the increase or
decrease in value of real estate shown
by investigation to be necessary to
reach true cash value.
